Trim Curve

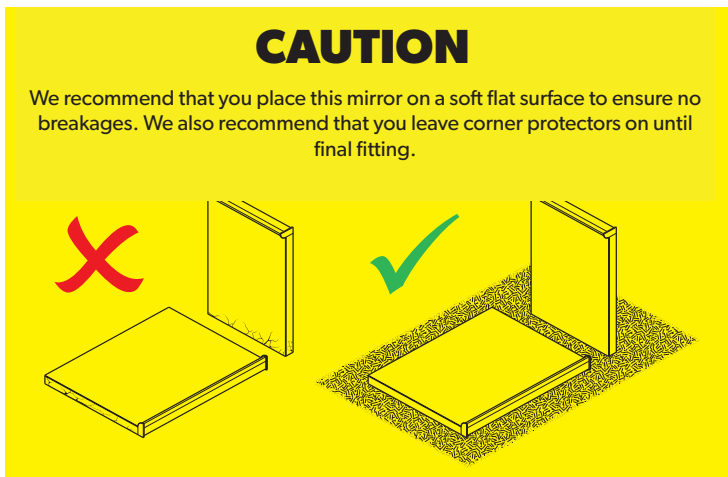

Trim Round

Thank you for purchasing this HiB product.

Please read through these instructions carefully and refer back to them during installation to ensure that your product is fitted safely and that it retains its high quality finish.

Warnings for Safe Use

- This product is intended for Domestic Use only
- Please read the instructions and warnings carefully before installing the product and ensure this document is kept with the product for future reference to ensure product longevity and in the interest of safety.
- If you give the product to another person, please give them this manual as well.
- If any modification is made it will invalidate the warranty and may render the product unsafe.
- It is not suitable for use in saunas, steam rooms and shower cubicles.
- When drilling use appropriate eye protection.
- The use of a Residual Current Device (RCD) is advised for any power tools used during the installation of this product.
- Take suitable precautions when handling glass.
- Do not use if glass is broken or unsafe.
- Beware of hidden cables or pipes. Take care if drilling on tiled surfaces in case the drill slips.
- It is recommended that this product is installed by a person who is able to meet the level of competence required in order to comply with relevant regulations. If in doubt consult a qualified tradesperson.
- This product is designed for installation into a brick or masonry block wall, if mounting onto other substrate ensure appropriate fixing and batons (if required) are used and the load bearing of the wall is sufficient.
- It is recommended that this product is installed by two people.
- Avoid leaving excessive standing and surface water on the product for prolonged periods of time.
- Dispose of packaging in accordance to local authority regulations.
- At end of life dispose of item according to local authority regulations.

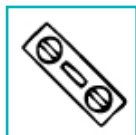

What's in the Box?

- Trim Mirror
- Fittings pack

Tools Required

Spirit Level

Drill

Drill bit

Screwdriver

Installation

It is recommended that this product is installed by two people.

1. Position the mirror in a suitable location.
2. Carefully mark the position of the mirror using a soft pencil ensuring it is level. Remove the mirror and mark the mounting points, *see Fig. 1 overleaf*. **Please ensure that all marked mounting points accurately match up with the fixing points on the mirror.**
3. Using a suitable drill bit, drill holes in the marked positions to a suitable depth. If drilling through tile, use a ceramic drill bit.
4. Insert wall plugs level with the surface of the wall. If fitting to a tiled surface, wall plugs should be inserted below the tile surface to avoid cracking. **NB. For plasterboard walls, specialist fixings should be purchased, available from any DIY or hardware store.**
5. Screw supplied fixings into wall plugs.
6. Hang the mirror in position.
