INSTALLATION GUIDE

IMPORTANT:

Please read the complete instructions before commencing fitting.

Please familiarise yourself with the fitting instructions before commencing fitting.
Make sure the tray is 100% level in all directions.

- 1 Check that you have the tools required ☐
- 2 Check that the installation site is compatible ☐
with size of door supplied
- 3 Check all the enclosure components ☐
- 4 Check that the installation kit is complete ☐

DO NOT attempt to install the product unless you can tick **ALL 4** boxes as satisfactory.

The wall plugs supplied with the installation kit are for use in solid walls. Hollow or 'stud - partition' walls will require alternative fixings. Please consult a hardware supplier for the correct type.

It may also be necessary to consult your tiling supplier about the correct method for drilling your tiles.

ATTENTION: TAKE EXTREME CARE WHEN HANDLING GLASS, WEAR PROTECTIVE EYEWEAR AND CLOTHING. DO NOT LEAVE THE GLASS ON HARD SURFACES AND AVOID CONTACT BETWEEN THE GLASS EDGES AND HARD SURFACES OR IMPACTS DURING THE INSTALLATION.

Any parts missing or damaged must be reported to your supplier within 5 days of purchase. Inspect shower enclosure before fitting. No claims will be accepted after product has been installed.

Load the rollers through the slot in the rail.
Take care not to damage the wheels off
the edge of the slot as this will affect
the rolling action.
