Tools required
- 6mm Masonry drill bit
- Power drill
- Neutral cure anti bacterial silicone
- Pencil
- Tape measure
- PH2 Philips Head screw driver
- Spirit level with horizontal and vertical level indicators

IMPORTANT - Installation Site

1. Ensure your bath is level before fitting. This screen is not designed to fit on baths with stepped fronts, roll top rims or integral soap dishes.

2. The tiling or other wall finishing should be effectively sealed at the bath edges.
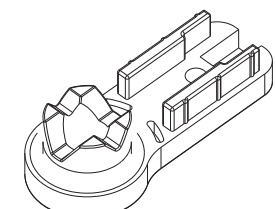

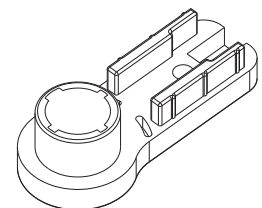

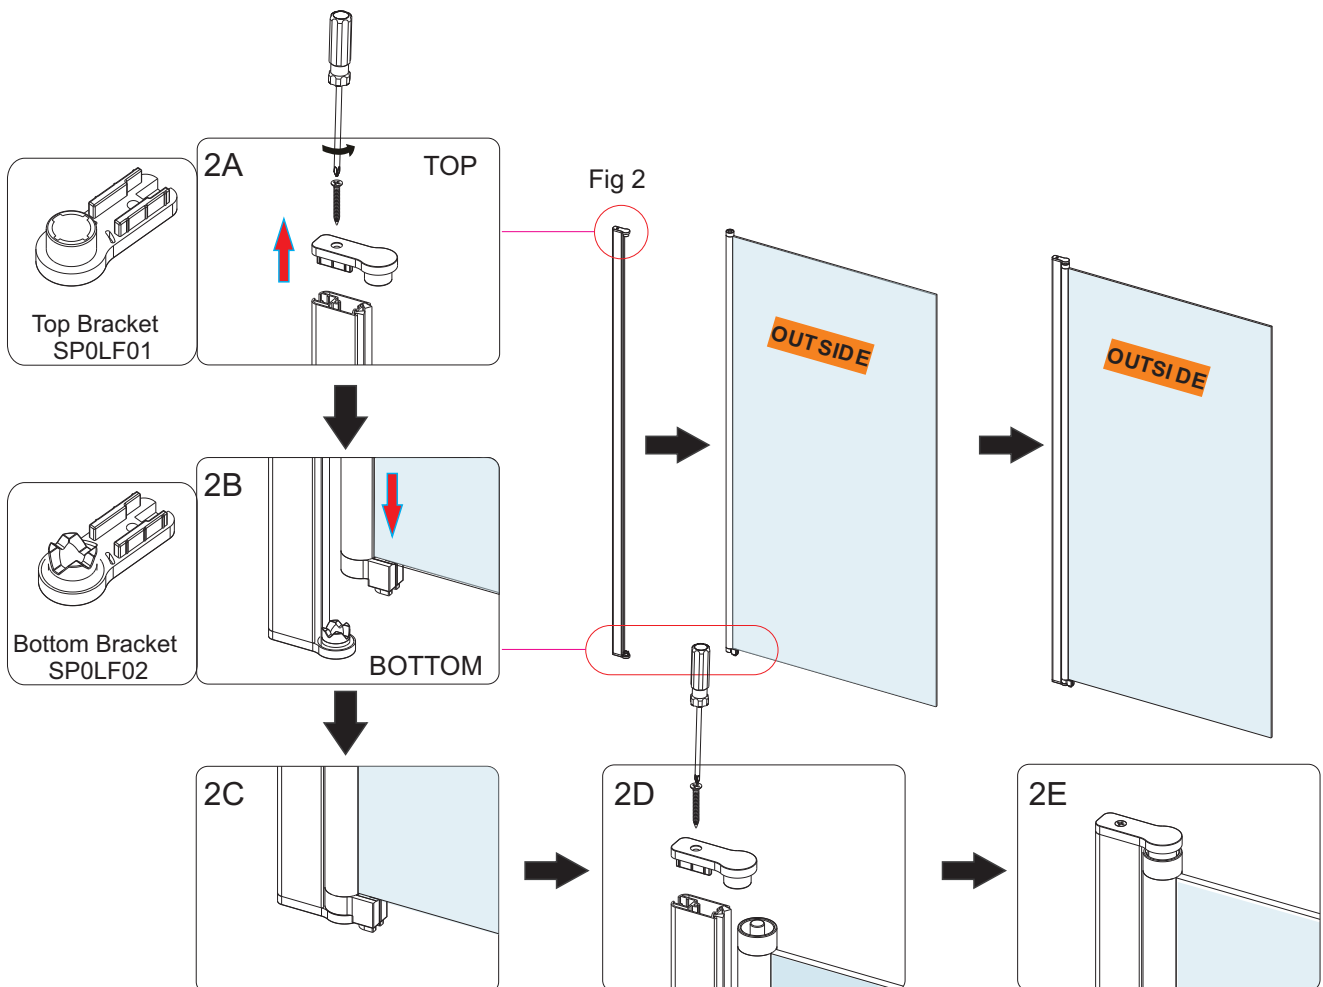

INSTALLATION

1. Bathscreen is reversible, choose which handing is required ensuring that the glass coated side is always on the inside of the bath. Silicone the top pivot bracket and bottom pivot bracket, and then insert into the round profile. Fig 1, 1A-1D.
