Unrivalled experience - The magic of bubbles

Discover the new BubbleSpa® shower, an epitome of our dedication to crafting the world's most enchanting showering experience. With over a decade of pioneering innovation, every detail is a testament to our unwavering commitment to quality and luxury.

Holistic shower therapy - Indulge in BubbleTapping

Experience the soft, rhythmic touch of BubbleRain spray. Each large, air-filled droplet is a gentle embrace, reminiscent of the traditional Swedish massage techniques. This BubbleTapping therapy offers a plethora of health benefits including improved circulation, immune system enhancement, and relaxation.

The BubbleSpa® experience

The harmonious blend of air and water produces large, air-filled droplets that encapsulate the skin in a sensory embrace.

Each BubbleRain experience promises rejuvenation and a sanctuary from stress, a true spa-like sensation.

Multi-sensory

BubbleSpa® transforms the daily shower into a luxury spa experience that you can see, feel and hear. Discrete LEDs illuminate the bubbles which are so big they emit a satisfying sound as they softly tap and burst on the skin.

High-Definition Design

An embedded intelligent LED system illuminates each bubble, offering a visual symphony. With the touch of a button, immerse in varying BubbleRain spray patterns that beckon the senses into realms of calm and invigoration.

Air-Powered™ innovation

BubbleSpa® boasts the patented Air-Powered™ technology, a masterpiece of over a decade of innovation, ensuring unparalleled performance and indulgence.

Hydro₂ Nozzles

Nestled within the shower head, sixteen precision-engineered Hydro₂ nozzles, crafted through advanced computer modelling, weave air and water into air-filled bubbles, elevating each moment under the spray.
